## Principal's Foreword:

It is with pleasure that I present the Annual Report to our school community. The following report provides information and data on a range of key indicators within the school and serves a dual role in meeting State and Federal legislation regarding statutory requirements, as well as providing the wider school community with a snapshot of our school achievements in 2017.

The school was established in 1983 as a result of a vision from Pastor Hunter and as a ministry of Good Shepherd Baptist Church to provide quality Christian education to the wider community of Albany Creek and surrounding suburbs. The school officially started in 1983 with approximately 45 students and has steadily grown in both size and influence since that time and has earned a reputation as a quality education provider within the wider community. The governance of Good Shepherd Christian School is seamlessly aligned with our church, with the Senior Pastor holding the position of Chairman of the Board and each Board representative being required to be a member of Good Shepherd Baptist Church.

At Good Shepherd Christian School, we promote a vision to provide education which inspires character and leadership, and we strive to lead the students along a pathway of values-based experiences in their learning. This approach has been instrumental in creating a rich learning environment where values, character traits and leadership attributes are promoted amongst students and staff. The school mission statement of providing quality Christian education through partnership with local churches, parents, teachers and students which recognises the Lordship of Christ and the integrity of the Scriptures and prepare students for life in the world and eternity is applied to all facets of the school. Good Shepherd Christian School is proud of its well-equipped classrooms, technological resources, landscaped grounds and integrated curriculum across three sub-schools; Primary, Middle and Senior School.

The school seeks to develop the whole child; physically, spiritually, emotionally, academically and socially. Successful sporting programs and a range of subject are available for all students across the sub-schools.

We are thankful for the achievements, celebrations and accomplishments that made 2017 such a successful year within the life of the school and are pleased to share some of these with you through this report.

### **Distinctive Curriculum Offerings and Extra-curricular Activities:**

Good Shepherd Christian School provides a range of curriculum offerings from Pre- Prep to Year 12 in accordance with the requirements specified by State and Commonwealth requirements.

Our Pre- Prep curriculum aligns with the Early Years Framework and National Quality Framework. The Prep to Year 10 curriculum is organised around the Australian Curriculum and Years 11-12 courses are offered in accordance with the Queensland Curriculum and Assessment Authority syllabi.

The school offers of extra-curricular activities such as Christian Living, Scripture Program, Leadership and Sport.

The School Executive, Senior Leadership and Heads of Department regularly review and analyse the learning outcomes and academic achievements of all students against State and National benchmarks, to ensure that our standards of learning are developing commensurate with comparable ages and cohorts of students. The school also provides annual analysis with summarised five year trend data on NAPLAN results to assist with remediation and improved standards of achievement throughout the school.

### **Enrichment Program:**

The philosophy and aims of learning intervention support students with learning difficulties and disability. Our aim is to involve everyone in the school community to work together in supporting each student and helping them to reach their individual potential. Inclusive practices are promoted for all students at GSCS.

School based management requires flexibility and responsiveness to the educational needs of every student. By identifying the educational needs and support requirements for a whole range of students in a school, management then assists in the promotion of best practice in the teaching of students with learning challenges.

Staff at GSCS were offered ongoing professional development in best practices for inclusion, planning for all learners and differentiation.

### **Social Climate:**

Good Shepherd Christian School is renowned for a vibrant, engaging and highly relational school culture. This unique culture has been intentionally nurtured by the school board and the GSCS pastoral team since its inception. GSCS pastoral team supports families both in and out of school, particularly focusing on families who require additional support.

Good Shepherd Christian School has an anti-bullying and harassment policy which seeks to develop a positive school culture through spiritual and character development, leadership training, and behavioural boundaries.

## Parental Involvement:

Good Shepherd Christian School recognises that parental involvement in a students' education increases student academic achievement. Parents are welcomed into the school for all events and open two-way communication is encouraged between parents, teachers and the school management team. Each student is assigned a Pastoral Care teacher. The Pastoral Care teacher contacts parents on a regular basis to update them on overall social, personal and academic progress of their children. Parents meet formally with teachers twice a year at Student-Parent-Teacher learning conversations; however, they are encouraged to discuss their child's progress with teachers on an ongoing basis via formal and informal meetings, email and student diary entries. Parents are also formally involved in the P&C Association which is an active group promoting and fundraising for the school.

Other activities parents have been involved in are as follows:

- Library assistance
- Coaching of sport
- Reading and assistance in classrooms
- Events assistance
- Fundraising events
- Sporting events
- Camping events

## Parent, Teacher and Student Satisfaction with the School

The school used both formal and informal surveys and feedback from staff, students and teachers regarding their satisfaction with the school to assist in the schools' development of a strategic planning and school improvement planning. The following table highlights overall satisfaction across five key areas:
